## DESIGNATION FOR RELEASE OF MEDICAL INFORMATION TO A FAMILY MEMBER, FRIEND OR LEGAL REPRESENTATIVE

### Introduction

It is the physician's responsibility to ensure that the physician-patient relationship is confidential. The Health Portability and Accountability Act (HIPAA) will allow physicians to use their professional judgment on disclosing certain personal health information to family, friends, etc. without an authorization. This form is an aid to the physicians in making a determination on disclosing such information. Capital Surgical Associates realizes that there are times when you, the patient, may want another person to be knowledgeable about your medical condition or medical needs. Your doctor wants you to be able, if you so desire, to name a person to whom you want the office staff to speak with about your medical condition. To enable that, we would ask that you complete the form listed below. Please note the following points:

- If you designate no one, Capital Surgical Associates will not release information to any family member, friend or legal representative.
- This Release of Information expires 1 year from the date it is signed.
- This designation is valid until you cancel it in writing.

### Designation Statement

I, \_\_\_\_\_, designate the following person(s) to be able to speak to a physician at Capital Surgical Associates, or other staff member, should it be necessary, on my behalf. I hereby give permission to Capital Surgical Associates through its physicians and staff to release to my designee(s) any information about my medical condition or medical needs or the status of my account and I release Capital Surgical Associates its physicians, and staff, from any claim of confidentiality in connections with the release of this information.
